2023-2024 Catalog

Clinical Obstetrics and Gynecology - Jacksonville
OGB E 1J | 4th Year Elective | Obstetrics and Gynecology | Clinical Science | Jacksonville
MDT 7160 | Clinical OB/GYN Jacksonville

Prerequisites
Current UF MS3 student.

Course Description
This rotation is an opportunity to delve more deeply into obstetrics and gynecology. The student will experience one week on each of the services: gynecologic oncology, maternal-fetal medicine, benign gynecology, and labor & delivery. This busy urban setting offers a breadth of pathology and a true taste the constant "controlled chaos" of our specialty. Excellent as an "audition rotation" or simply to broaden knowledge of women's health care issues.
